EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Kathleen Harleston on 8/7/06.

The application has been amended as follows:

In claim 16, line 9: delete "first,"

In claim 24, line 1: delete "Claim 19" and replace with --Claim 16--

The following changes to the drawings have been approved by the examiner and agreed upon by applicant: Figures 12-14 do not accurately describe a brace portion conical in shape and a frustum attached to the open end of the mount portion. The brace (38) is shown as a flat section and not a conical frustum. Figures 13-14 should be amended to show a conical frustum brace portion as claimed. In order to avoid abandonment of the application, applicant must make these above agreed upon drawing changes.
